OUR DAILY BREAD Sliced Thin by The Editor Alex. H. Washburn

City and County 'Bite' on School Funds Here \$60,208

The Arkansas Gazette, which is spork-plugging the drive to increase the 2% state sales tax to 3%, said yesterday:

"Currently the argument is being offered that if the state refuses to provide any additional money for public education the resulting crisis of the local level will force voluntary property tax reform. This leaves out of consideration what seems the more likely result—that if the school gets in any worse shape the effort will simply be redoubled to obtain quick relief at the state level."

I've got news for you today about this "school relief" at the state level.

As reported in earlier editorials The Star has been on the trail of 5 million dollars which is being diverted every year from the schools' 2% sales tax revenue to the city and county governments.

Yesterday I went through the records of the "revenue" offices of the City of Hope and Hempstead county. Quarterly payments were made to the General Fund of both local governments all through 1954 from the State Stabilization Fund, under authority of the same legislative measure, Act 118 of 1953. Here is the record of payment of 2% sales tax money into the local treasuries:

CITY OF HOPE	
January 1954	\$6,007.57
April 1954	\$6,005.36
July 1954	\$5,995.21
October 1954	\$5,997.88
City Total	23,916.02

HEMPSTEAD COUNTY	
January 1954	\$9,095.22
April 1954	\$9,095.22
July 1954	\$9,095.22
October 1954	\$9,095.22
County Total	36,392.44
COMBINED TOTAL	\$60,208.46

The Arkansas Gazette says it doesn't have time to fool around with property assessment reform—that the schools need a 3% sales tax.

Twenty years ago this month I testified before a legislative committee and helped get the 2% sales tax enacted. There were two stipulations: (1) That the 2% sales tax would be divided 70% for the public schools and 30% for the welfare agencies; and (2) that the property assessment system would be reformed so that wealth would pay a fair share of the cost of government instead of unloading it all on the family budget of food and clothing.

Both these pledges were broken.

Today \$60,208.46 a year which belongs to the schools and teachers of Hempstead county is going into the local political treasuries.

And the total assessed valuations of both Hempstead county and the state of Arkansas are today only half as much as in 1929, measured in the same pre-devaluation, pre-inflation dollars.

The higher the sales tax the bigger the political grab, the greater the escape of property assessment—and the less real help for schools and teachers.

For as long as local politicians all over Arkansas can go to Little Rock and get \$60,000 a year for their General Funds what possible chance is there to obtain adequate property assessments or a stable financial program for the public schools?

100 Perish in Church Fire in Japan

YOKOHAMA, Japan (AP)—About 100 people were killed in a fire today when a flash fire roared through a Roman Catholic old ladies' home before dawn.

There were only 46 survivors, police said. Nearly all were burned or inhaled in jumps from the second and third floors of the two-story wooden dormitory, declared a fire hazard in 1933. Several were in critical condition.

Formosa Stand: Reaffirmed by Mr. Dulles

By LYLE C. WILSON
WASHINGTON (UP)—Secretary of State John Foster Dulles today reaffirmed the United States' stand against the Formosa Republic, which is being used by the Nationalist Government to maintain its claim to the island of Formosa.

Dulles spoke last night in New York before the Foreign Policy Association. He strongly implied that the United States would fight if the Formosa Republic were to be established.

He said that the United States would stand firmly against the Formosa Republic, which is being used by the Nationalist Government to maintain its claim to the island of Formosa.

1.1 Million Broilers Produced in This Area Yearly—Enough to Establish a Processing Plant

Facts and figures on the expanding poultry-raising industry in Hempstead and Nevada counties, and the possibility of the establishment of a poultry processing plant in Hope, were discussed at a two-hour meeting yesterday in the conference room at the Hope chamber of commerce office.

Attending were commercial poultry raisers of the two counties, feed and poultry supply dealers, city leaders, and the board of directors of the chamber of commerce.

Poultry producers accounted for 1,100,000 broilers produced in the southern half of the two counties last year, the great bulk of which was sold and trucked to East Texas processing plants.

Three Hope feed dealers pointed out that in 1954 they had sold feed for 60,000 broilers last year, more than a half million broilers.

From the Bodway area another 300,000 broilers were produced by 17 broiler houses, a spokesman for the Nevada County Poultry Growers Association said. Producers from the Bodway area account for 60,000 broilers each year.

Southern Howard county has expanded its facilities in recent years, but since no accurate figures were available at the meeting, the Howard county total was not included in the 1,100,000 figure.

It was estimated, however, that the Howard county total was not included in the 1,100,000 figure.

Segregation Issue Bypassed by Governor

LITTLE ROCK (AP)—Gov. Orval Faubus today refused to comment on a bill introduced in the Legislature yesterday to maintain racial segregation in the public schools.

Asked how he felt on the ideas behind the bill, maintaining segregation or delaying integration, Faubus replied, "No comment."

The governor said, however, that "if we can get more money for the schools it will be a help in solving that problem. No harm can be done by building new, adequate school facilities and equipping the salaries of teachers and the opportunities of the students no matter what course that is pursued."

Faubus said that some of the \$100,000 which he has asked the Legislature to provide in additional school money would be earmarked to equalize teacher salaries. He said he did not recall the world's most deadly explosives, and finance new construction made available for those purposes.

Reminded that he had said during his campaign last summer that the matter of desegregation would be the most important problem facing his administration, Faubus said, "I don't recall making such a statement."

The governor said he did make the statement that he would not support a bill to desegregate the schools, but he said that he was not in the race for the public school interest in the issue and it became of secondary importance.

Faubus said a bill introduced yesterday to bring about equalization of property assessments for local tax purposes is a good bill. He said he thought that the bill's provisions empowering the Public Service Commission to withhold state aid from a political subdivision which does not equalize its assessments is an adequate substitution for his proposed "tax-examining board" established for that purpose.

An attorney for the Mississippi Valley Generating Co., the Dixon-Yates combine, filed the request for a certificate of convenience and necessity, Willis H. Hines of Little Rock said he would ask for an immediate hearing.

Folmes said plans call for drilling of at least holes on the proposed foundation site within 10 days. The proposed site is the controversial 850,000 kilowatt power plant, estimated to be \$104,115,000.

Believes Farm 'Adjustment' Shock Is Over

WASHINGTON (AP)—Secretary of Agriculture Benson today said that the biggest shock of farm adjustment from abnormal wartime demands appears to have been passed and producers generally are now in a period of comparative stability.

In a statement prepared for a farm outlook hearing of the House Agriculture Committee, the GOP farm chief appealed to Congress to refrain from "rocking the boat" with regard to present federal farm programs. He made the same plea in a Senate committee hearing several weeks ago.

Benson said indications of improvement in the agricultural economy are to be found in (1) the building farm prices and farm income; (2) an advancing level of per capita farm income; (3) a slight increase last year in agricultural assets; (4) continuing high domestic demand for food; (5) an increasing foreign trade in farm products; and (6) an expanding movement of government-held, price-depressing surpluses into use, particularly abroad.

Hasn't Forgotten Early Defeat

LITTLE ROCK (AP)—Rep. Elmer Tackett of Garland County was speaking in the House yesterday for a bill which Rep. L. H. Autry of Mississippi County opposed.

Tackett declared facetiously that one reason for his stand was that when they both were students at Garland County Teachers College at Conway, in 1922, Autry had beaten him in a debate.

"And I've never forgotten him for it," Tackett said.

OUR DAILY BREAD Sliced Thin by The Editor Alex. H. Washburn

City and County 'Bite' on School Funds Here \$60,208

The Arkansas Gazette, which is spork-plugging the drive to increase the 2% state sales tax to 3%, said yesterday:

"Currently the argument is being offered that if the state refuses to provide any additional money for public education the resulting crisis of the local level will force voluntary property tax reform. This leaves out of consideration what seems the more likely result—that if the school gets in any worse shape the effort will simply be redoubled to obtain quick relief at the state level."

I've got news for you today about this "school relief" at the state level.

As reported in earlier editorials The Star has been on the trail of 5 million dollars which is being diverted every year from the schools' 2% sales tax revenue to the city and county governments.

Yesterday I went through the records of the "revenue" offices of the City of Hope and Hempstead county. Quarterly payments were made to the General Fund of both local governments all through 1954 from the State Stabilization Fund, under authority of the same legislative measure, Act 118 of 1953. Here is the record of payment of 2% sales tax money into the local treasuries:

CITY OF HOPE	
January 1954	\$6,007.57
April 1954	\$6,005.36
July 1954	\$5,995.21
October 1954	\$5,997.88
City Total	23,916.02

HEMPSTEAD COUNTY	
January 1954	\$9,095.22
April 1954	\$9,095.22
July 1954	\$9,095.22
October 1954	\$9,095.22
County Total	36,292.44
COMBINED TOTAL	\$60,208.46

The Arkansas Gazette says it doesn't have time to fool around with property assessment reform—that the schools need a 3% sales tax.

Twenty years ago this month I testified before a legislative committee and helped get the 2% sales tax enacted. There were two stipulations: (1) That the 2% sales tax would be divided 70% for the public schools and 30% for the welfare agencies; and (2) that the property assessment system would be reformed so that wealth would pay a fair share of the cost of government instead of unloading it all on the family budget of food and clothing.

Both these pledges were broken.

Today \$60,208.46 a year which belongs to the schools and teachers of Hempstead county is going into the local political treasuries.

And the total assessed valuations of both Hempstead county and the state of Arkansas are today only half as much as in 1929, measured in the same pre-inflation dollars.

Is this the record we have run up under the 2% sales tax?

Do you think the Arkansas Gazette will do any better with a 3% sales tax?

The higher the sales tax the bigger the political grab, the greater the escape of property assessment—and the less real help for schools and teachers.

For as long as local politicians all over Arkansas can go to Little Rock and get \$60,000 a year for their General Funds what possible chance is there to obtain adequate property assessments or a stable financial program for the public schools?

100 Perish in Church Fire in Japan

YOKOHAMA, Japan (AP)—About 100 people were killed in a fire today which destroyed a Roman Catholic church in Japan.

There were only 46 survivors, police said. Nearly all were burned or injured in jumps from the second and third floors of the church.

The fire broke out in the second floor of the two-story wooden church, which was a fire hazard in 1933. Several were killed in the fire.

The fire was caused by a candle which had been lit by a priest. The fire spread rapidly and destroyed the church.

1.1 Million Broilers Produced in This Area Yearly—Enough to Establish a Processing Plant

Facts and figures on the expanding poultry-raising industry in Hempstead and Nevada counties, and the possibility of the establishment of a poultry processing plant in Hope, were discussed at a two-hour meeting yesterday in the conference room at the Hope chamber of commerce office.

Attending were commercial poultry raisers of the two counties, feed and poultry supply dealers, city leaders, and the board of directors of the chamber of commerce.

Poultry producers accounted for 1,100,000 broilers produced in the southern half of the two counties last year, the great bulk of which was sold and trucked to East Texas processing plants.

Three Hope feed dealers pointed out that in 1934 they had sold feed for 60,000 broilers. Today they produce more than a half million broilers.

Bedway on Top

From the Bedway area another 300,000 broilers were produced by 17 broiler houses, a spokesman for the Nevada County Poultry Growers Association said. Producers from the Patmos accountancy have produced 60,000 broilers in recent years.

Southern Howard county has expanded its facilities in recent years, but since no accurate figures were available at the meeting, the Howard county total was not included in the 1,100,000 figure.

It was estimated, however, that the Howard county total was not included in the 1,100,000 figure.

The meeting, presided over by President Harrell Hall, turned to the possibility of a processing plant for the Hope area.

He told the group that he had made a recent trip to a central Arkansas town where he looked over a processing plant in operation and had obtained figures for the cost of such a plant.

The central Arkansas plant had a capacity of processing 40,000 broilers per week, but actually was producing only 20,000 broilers per week.

At about one-half capacity because of the lack of broilers in that area.

"What would a similar plant mean to Hope and its trade territory, Mr. Hall asked. First, it would mean a \$20,000 increase in the local economy.

Next, it would mean employment of about 60 persons, half of whom would be women, at weekly pay of about \$200 an annual additional payroll of \$120,000.

It would mean that the local economy would be able to handle the broilers produced in the area, and that the local economy would be able to handle the broilers produced in the area.

Water supply and garbage disposal came up for discussion. The central Arkansas plant uses about 500,000 gallons of water per month.

Mayor John Wilson pointed out that the Hope municipal plant could supply water demands, and that the Hope municipal plant could supply water demands.

Segregation Issue Bypassed by Governor

LITTLE ROCK (AP)—Gov. Orval Faubus today refused to comment on a bill introduced in the Legislature yesterday to maintain racial segregation in the public schools.

Asked how he felt on the ideas behind the bill, maintaining segregation or delaying integration, Faubus replied, "No comment."

The governor said, however, that "if we can get more money for the schools it will be a help in solving that problem. No harm can be done by building new, adequate school facilities and equipping the salaries of teachers and the opportunities of the students no matter what course they take."

Faubus said that some of the \$100,000 which he has asked the Legislature to provide in additional school money would be earmarked to equalize teacher salaries.

He said he did not recall the world's most deadly explosives, and finance new construction made available for those purposes.

Reminded that he had said during his campaign last summer that the matter of desegregation would be the most important problem facing his administration, Faubus said, "I don't recall making such a statement."

The governor said he did make the statement that he would not support the bill, but that he was not in the race the public last interest in the issue and it became of secondary importance.

Faubus said a bill introduced yesterday to bring about equalization of property assessments for local tax purposes is a good bill.

He said he thought that the bill's provisions empowering the Public Service Commission to withhold state aid from a political subdivision which does not equalize its assessments is an adequate substitution for his proposed "tax-examining board" established for that purpose.

An attorney for the Mississippi Valley Generating Co., the Dixon-Yates combine, filed the request for a certificate of convenience and necessity, Willis H. Hines of Little Rock said he would ask for an immediate hearing.

Folmes said plans call for drilling of at least holes on the proposed foundation site within 10 days.

The proposed site is the controversial 850,000 kilowatt power plant, estimated to be \$10,115,000.

The power plant is the center of a political storm when Democratic congressmen charged that the project was a "tax-examining board" established for that purpose.

Sen. J. B. Bearden of Leachport yesterday won approval of the measure after he told the Senate that it was a "tax-examining board" established for that purpose.

The bill represents a compromise between representatives of the poultry industry in northwest Arkansas and the forces, who, he said, are determined to remove the tax from feed, seed and fertilizer. The compromise bill passed the House by a 16 majority.

The poultry industry is backing the bill which they say is necessary to allow them to compete on an equal basis with chicken producers in neighboring states which do not levy a sales tax. The bill has been opposed on the ground that it would cost the state some \$200,000 annually in revenue.

Most senators contracted this morning felt that the vote on the bill would be close, but none of them would predict a victory or defeat for the measure.

Compensation Increase Fails to Pass

LITTLE ROCK (AP)—An attempt to increase workers' compensation benefits was defeated in the Arkansas today.

The bill, by Rep. Jack Yates of Franklin County, got 53 votes to 22 against but that was not enough to pass the bill.

The bill would have had 53 votes to 22 against but that was not enough to pass the bill.

Hasn't Forgotten Early Defeat

LITTLE ROCK (AP)—Rep. Elmer Tackett of Garland County was speaking in the House yesterday for a bill which Rep. L. H. Autry of Mississippi County opposed.

Tackett declared facetiously that one reason for his stand was that when they both were students at Arkansas Teachers College at Conway, in 1922, Autry had beaten him in a debate.

"And I've never forgotten him for it," Tackett said.

Believes Farm 'Adjustment' Shock Is Over

WASHINGTON (AP)—Secretary of Agriculture Benson told Congress today that the biggest shock of farm adjustment from abnormal wartime demands appears to have been passed and producers generally are now in a period of comparative stability.

In a statement prepared for a farm outlook hearing of the House Agriculture Committee, the secretary said that the biggest shock of farm adjustment from abnormal wartime demands appears to have been passed and producers generally are now in a period of comparative stability.

City and County 'Bite' on School Funds Here \$60,208

The Arkansas Gazette, which is spork-plugging the drive to increase the 2% state sales tax to 3%, said yesterday:

"Currently the argument is being offered that if the state refuses to provide any additional money for public education the resulting crisis of the local level will force voluntary property tax reform. This leaves out of consideration what seems the more likely result—that if the school gets in any worse shape the effort will simply be redoubled to obtain quick relief at the state level."

I've got news for you today about this "school relief" at the state level.

As reported in earlier editorials The Star has been on the trail of 5 million dollars which is being diverted every year from the schools' 2% sales tax revenue to the city and county governments.

Yesterday I went through the records of the "revenue" offices of the City of Hope and Hempstead county. Quarterly payments were made to the General Fund of both local governments all through 1954 from the State Stabilization Fund, under authority of the same legislative measure, Act 118 of 1953. Here is the record of payment of 2% sales tax money into the local treasuries:

CITY OF HOPE	
January 1954	\$6,007.57
April 1954	\$6,005.36
July 1954	\$5,995.21
October 1954	\$5,997.88
City Total	23,916.02

HEMPSTEAD COUNTY	
January 1954	\$9,095.22
April 1954	\$9,095.22
July 1954	\$9,095.22
October 1954	\$9,095.22
County Total	36,392.44
COMBINED TOTAL	\$60,208.46

The Arkansas Gazette says it doesn't have time to fool around with property assessment reform—that the schools need a 3% sales tax.

Twenty years ago this month I testified before a legislative committee and helped get the 2% sales tax enacted. There were two stipulations: (1) That the 2% sales tax would be divided 70% for the public schools and 30% for the welfare agencies; and (2) that the property assessment system would be reformed so that wealth would pay a fair share of the cost of government instead of unloading it all on the family budget of food and clothing.

Both these pledges were broken.

Today \$60,208.46 a year which belongs to the schools and teachers of Hempstead county is going into the local political treasuries.

And the total assessed valuations of both Hempstead county and the state of Arkansas are today only half as much as in 1929, measured in the same pre-devaluation, pre-inflation dollars.

The higher the sales tax the bigger the political grab, the greater the escape of property assessment—and the less real help for schools and teachers.

For as long as local politicians all over Arkansas can go to Little Rock and get \$60,000 a year for their General Funds what possible chance is there to obtain adequate property assessments or a stable financial program for the public schools?

100 Perish in Church Fire in Japan

YOKOHAMA, Japan (AP)—About 100 people were killed in a fire today which destroyed a Roman Catholic church in Japan.

There were only 46 survivors, police said. Nearly all were burned or injured in jumps from the second and third floors of the church.

The fire broke out in the second floor of the two-story wooden church, which was used for religious services.

The fire was caused by a candle which had been lit for religious services.

OUR DAILY BREAD Sliced Thin by The Editor Alex. H. Washburn

City and County 'Bite' on School Funds Here \$60,208

The Arkansas Gazette, which is spork-plugging the drive to increase the 2% state sales tax to 3%, said yesterday:

"Currently the argument is being offered that if the state refuses to provide any additional money for public education the resulting crisis of the local level will force voluntary property tax reform. This leaves out of consideration what seems the more likely result—that if the school gets in any worse shape the effort will simply be redoubled to obtain quick relief at the state level."

I've got news for you today about this "school relief" at the state level.

As reported in earlier editorials The Star has been on the trail of 5 million dollars which is being diverted every year from the schools' 2% sales tax revenue to the city and county governments.

Yesterday I went through the records of the "revenue" offices of the City of Hope and Hempstead county. Quarterly payments were made to the General Fund of both local governments all through 1954 from the State Stabilization Fund, under authority of the same legislative measure, Act 118 of 1953. Here is the record of payment of 2% sales tax money into the local treasuries:

CITY OF HOPE	
January 1954	\$6,007.57
April 1954	\$6,005.36
July 1954	\$5,995.21
October 1954	\$5,997.88
City Total	23,916.02

HEMPSTEAD COUNTY	
January 1954	\$9,095.22
April 1954	\$9,095.22
July 1954	\$9,095.22
October 1954	\$9,095.22
County Total	36,292.42
COMBINED TOTAL	\$60,208.44

The Arkansas Gazette says it doesn't have time to fool around with property assessment reform—that the schools need a 3% sales tax.

Twenty years ago this month I testified before a legislative committee and helped get the 2% sales tax enacted. There were two stipulations: (1) That the 2% sales tax would be divided 70% for the public schools and 30% for the welfare agencies; and (2) that the property assessment system would be reformed so that wealth would pay a fair share of the cost of government instead of unloading it all on the family budget of food and clothing.

Both these pledges were broken.

Today \$60,208.44 a year which belongs to the schools and teachers of Hempstead county is going into the local political treasuries.

And the total assessed valuations of both Hempstead county and the state of Arkansas are today only half as much as in 1929, measured in the same pre-devaluation, pre-inflation dollars.

Is this the record we have run up under the 2% sales tax?

Do you think the Arkansas Gazette will do any better with a 3% sales tax?

The higher the sales tax the bigger the political grab, the greater the escape of property assessment—and the less real help for schools and teachers.

For as long as local politicians all over Arkansas can go to Little Rock and get \$60,000 a year for their General Funds what possible chance is there to obtain adequate property assessments or a stable financial program for the public schools?

100 Perish in Church Fire in Japan

YOKOHAMA, Japan (AP)—About 100 people were killed in a fire today which destroyed a Roman Catholic church in Japan.

There were only 46 survivors, police said. Nearly all were burned or injured in jumps from the second and third floors of the two-story wooden church.

The fire was caused by a short circuit in the church's electrical system, police said.

The church was built in 1880 and was one of the oldest in Japan.

Formosa Stand: Reaffirmed by Mr. Dulles

By LYLE C. WILSON

WASHINGTON (UP)—Secretary of State John Foster Dulles today reaffirmed the United States' position on Formosa.

He said the United States would not support any plan to transfer the island to the Chinese.

Dulles spoke last night in New York before the Foreign Policy Association.

He strongly implied that the United States would fight if the Chinese sought to make the island a base for aggression.

1.1 Million Broilers Produced in This Area Yearly—Enough to Establish a Processing Plant

Facts and figures on the expanding poultry-raising industry in Hempstead and Nevada counties, and the possibility of the establishment of a poultry processing plant in Hope, were discussed at a two-hour meeting yesterday in the conference room at the Hope chamber of commerce office.

Attending were commercial poultry raisers of the two counties, feed and poultry supply dealers, city leaders, and the board of directors of the chamber of commerce.

Poultry producers accounted for 1,100,000 broilers produced in the southern half of the two counties last year, the great bulk of which was sold and trucked to East Texas processing plants.

Three Hope feed dealers pointed out that in 1954 they had sold feed for 60,000 broilers last year, more than a half million broilers.

Bedway on Top

From the Bedway area another 300,000 broilers were produced by 17 broiler houses, a spokesman for the Nevada County Poultry Growers Association said.

Producers from the Paines county account for 60,000 broilers, he said.

Southern Howard county has expanded its facilities in recent years, but since no accurate figures were available at the meeting, the Howard county total was not included in the 1,100,000 figure.

It was estimated, however, that the Howard county total was not included in the 1,100,000 figure.

The meeting, presided over by President Harrell Hall, turned to the possibility of a processing plant for the Hope area.

He told the group that he had made a recent trip to a central Arkansas town where he looked over a processing plant in operation and obtained figures from the owner.

The central Arkansas plant had a capacity of processing 40,000 broilers per week, he said.

He said the plant was owned by a local businessman.

Hasn't Forgotten Early Defeat

LITTLE ROCK (AP)—Rep. Elmer Tackett of Garland County was speaking in the House yesterday for a bill which Rep. L. H. Autry of Mississippi County opposed.

Tackett declared facetiously that one reason for his stand was that when they both were students at Garland County Teachers College at Conway, in 1922, Autry had beaten him in a debate.

"And I've never forgotten him for it," Tackett said.

Supporters of Tariff Slash See Victory

By CHARLES F. BARRETT
WASHINGTON (AP) — Supporters of President Eisenhower's proposal to slash tariff duties on foreign goods, which they believe will help the economy, saw their plan win a major victory today when the House of Representatives passed the measure by a 300-100 vote.

The Senate is expected to pass the measure in the next few days. The bill would reduce duties on a wide range of goods, including textiles, metals, and chemicals. It also would provide for a 10 percent reduction in duties on goods from countries with which the United States has trade agreements.

The measure is part of a larger bill to reduce federal income taxes. It is expected to be signed into law by the President in the next few weeks.

Bill Designed to Maintain Segregation

By RAY STEPHENS
LITTLE ROCK (AP) — A group of legislators from the cotton-growing belt of Arkansas have devised a plan to evade the U. S. Supreme Court's decision outlawing racial segregation in public schools.

Bill Designed to Maintain Segregation

By RAY STEPHENS
LITTLE ROCK (AP) — A group of legislators from the cotton-growing belt of east Arkansas claim they have devised a plan to evade the U. S. Supreme Court's decision outlawing racial segregation in public schools.

Supporters of Tariff Slash See Victory

By CHARLES F. BARRETT
WASHINGTON (AP) — Supporters of President Eisenhower's proposal to slash tariff duties on foreign goods, which they believe will help the economy, saw their plan win a major victory today in the House of Representatives.

The Senate also passed the bill, which would reduce duties on a wide range of goods, including textiles, metals, and chemicals. The bill is expected to become law soon.

The bill is part of a larger effort to reduce government spending and stimulate economic growth. It is expected to be signed into law by the President.

The bill is expected to be signed into law by the President. It is a major step in the administration's economic program.

Lull Broken by Red Guns After 4 Days

By WILLIAM MILLER
TAIPEI, Formosa (AP) — The lull in the fighting between the Nationalist government and the Chinese Communists broke today after four days of relative quiet.

The Communists, who have been pushing their forces into the Nationalist-held islands, fired more than 80 rounds of artillery at the islands of Lianho and Fatao today.

The Nationalist government, which has been holding the islands, fired back with heavy artillery. The fighting is expected to continue.

The fighting is expected to continue. The Nationalist government is determined to hold the islands.

The fighting is expected to continue. The Nationalist government is determined to hold the islands.

Deaths Around the Nation

By The Associated Press

New York — Mrs. Helen Fuller, 62, who was a member of the New York State Bar Association, died yesterday.

London — Peter, 22, a promising British actor and television performer who studied drama in New York and appeared on many American radio, stage and television shows, died yesterday.

Providence, R. I. — Mr. Earl, 47, president of the Rhode Island Cattle Raisers' Assn., died yesterday.

Although modern irrigation works in the arid portions of the United States date from the late 19th century, the earliest irrigation systems were built by the ancient Egyptians.

For suffering of Colds, Vicks Vapo-Rub is the answer. It's the most effective remedy for colds, coughs, and bronchitis.

She loves 'em, and so will you. Vicks Vapo-Rub is the most effective remedy for colds, coughs, and bronchitis.

PRESCOTT NEWS

Wanda Ruth Taylor Celebrates Birthday
 Little Miss Wanda Ruth Taylor was honored on her 8th birthday, February 12, with a party given by her grandmother, Mrs. Curtis Ward, and her mother, Mrs. Juanita Taylor.

Pin the Heart, and Slippery Steer were enjoyed during the afternoon. After which refreshments were served to 12 guests and the honoree, from the dining table overlaid with white cloth and centered with a white cake decorated in red. An attractive valentine mobile was gaily swinging from the sideboard.

The guest list included Priscilla Benson, Mildred Buchanan, Maria Ferguson, Anita Meadows, Emily Gales, Bobbie Lewis, Maria Reeves, Betty Tippel, Sandra Ward, and Bobbie Ann Taylor.

P. T. A. Observes Founders Day
 The Prescott Parent Teachers Association met Thursday, February 10, 7:30 p. m. at the Park Elementary School. Mrs. J. R. Bomis, president, presided.

Mrs. Lindell Buchanan presented the program. Mrs. Frank Gilmore presented a skit. Members of the cast were Mrs. Charles Thomas, a past president of Prescott P. T. A., Max Kitchener, Mr. Jim Nelson, Rev. W. G. Benson, and Mrs. John Eagle. "Battle Hymn of the Republic" was sung and the High School Chorus Club directed by Mr. Olive McCall presented a musical selection with Miss Simone Golden at the piano. "The Lord's Prayer" was beautifully sung by Miss Margaret Hunter Scott accompanied by Miss Martha Ligon. The home, the school, the church — do they alone build our America? He must learn to be a respected citizen in his home town. "America the Beautiful" was sung. We must know the truth about all we impart truth. Now is the time. Now is the opportunity. Tomorrow may be too late. This is the challenge we face. How shall we meet it? The skit was ended with the last verse of "America" sung as a prayer. An offering was taken for the National Congress of Parent Teachers Association.

Mrs. Wells Hester, a past president of Prescott P. T. A., gave the history of our local association. This was first known as the School Improvement Association and was organized in 1908. In 1925 the name was changed to Parent Teachers Association. Its aim has always been to give children of the Prescott schools better opportunities.

Mrs. Frank Hattom read minutes in the state reported this morning was 46 at Fayetteville. Newsboys had 47 and Gilbert and Flippin only had 49.

The annual increase in the population of the United States has exceeded 2½ million for the past eight years.

PRESCOTT NEWS

Wanda Ruth Taylor Celebrates Birthday
 Little Miss Wanda Ruth Taylor was honored on her 8th birthday, February 12, with a party given by her grandmother, Mrs. Curtis Ward, and her mother, Mrs. Juanita Taylor.

Pin the Heart, and Slippery Steer were enjoyed during the afternoon. After which refreshments were served to 12 guests and the honoree, from the dining table overlaid with white cloth and centered with a white cake decorated in red. An attractive valentine mobile was gaily swinging from the sideboard.

The guest list included Priscilla Benson, Mildred Buchanan, James Ferguson, Anita Meadows, Emily Gales, Bobby Davis, Marcia Reeves, Betty Tippel, Sandra Ward, and Bobbie Ann Taylor.

P. T. A. Observes Founders Day
 The Prescott Parent Teachers Association met Thursday, February 10, 7:30 p. m. at the Park Elementary School. Mrs. J. R. Bomis, president, presided.

Mrs. Lindell Buchanan presented the program. Mrs. Frank Gilmore presented a skit. Members of the cast were Mrs. Charles Thomas, a past president of Prescott P. T. A., Max Kitchener, Mr. Jim Nelson, Rev. W. G. Benson, and Mrs. John Eagle. "Battle Hymn of the Republic" was sung and the High School Chorus Club directed by Mr. Olive McCall presented a musical selection with Miss Simone Golden at the piano. "The Lord's Prayer" was beautifully sung by Miss Margaret Hunter Scott accompanied by Miss Martha Ligon. The home, the school, the church — do they alone build our America? He must learn to be a respected citizen in his home town. "America the Beautiful" was sung. We must know the truth about the war. Only through truth can we impart truth. Now is the time. Now is the opportunity. Tomorrow may be too late. This is the challenge we face. How shall we meet it? The skit was ended with the last verse of "America" sung as a prayer. An offering was taken for the National Congress of Parent Teachers Association.

Mrs. Wells Hester, a past president of Prescott P. T. A., gave the history of our local association. This was first known as the School Improvement Association and was organized in 1908. In 1925 the name was changed to Parent Teachers Association. Its aim has always been to give children of the Prescott schools better opportunities. Mrs. Frank Hattom read minutes.

In the state reported this morning was 46 at Fayetteville. Newsboys had 47 and Gilbert and Flippin only had 49.

The annual increase in the population of the United States has exceeded 2½ million for the past eight years.

What Comes Next Puzzle to Both Sides

By JAMES MARLOW
 Associated Press News Analyst

WASHINGTON (AP)—Formosa, prime example of an unexplained mess, is longbound at the moment because no one outside the inner circles of the Eisenhower administration and the Red Chinese government knows what to expect next.

They may not be too sure either. But if the administration makes concessions to the present Formosa, the real Formosa fighting may come, not in or around the island, but inside the Republican party.

Neither the American government nor the Chinese Communists are planning the present Formosa's dilemma long-range. It just grew. This government would not have tolerated if the Reds had grabbed Formosa when they drove away from the mainland in 1949. More island groups, Quemoy and Matsu, were left behind. The Reds stayed on the mainland, but the Chinese government was spreading, when the Korean War held islands except Formosa and

Finland Makes Contribution to Hollywood

By BOB THOMAS
 Hollywood (AP)—Finland's contribution to Hollywood is a lovely Taina Elia, who learned to be a ballerina after escaping Russian bombs for a year at the Grand Theatre in Stockholm, making such a hit 24 and full of grace. She has a willowy figure, long dark-blond hair and a fresh, shiny-checked face.

As far as the knows and according to film historians she is the first acting importation from Finland. This seems strange, since Hollywood has acquired many Scandinavian stars, especially from Sweden.

"I don't know why it is," said Taina, "but I certainly had an excellent theater in Finland and many good actors. Perhaps it is the language. It is like Finnish for Finns to learn English. Finnish is derived from Scandinavian or Russian. It does have some early roots, the same as Hungarian."

Taina's tangle with English turned out successfully. She speaks it with scarcely an accent, having begun to learn when she went with the father's Walla ballet troupe in London.

Taina spoke hesitantly of her early years in Finland. She grew up at a time when that industrious country was ravaged by war with Russia.

"During the war, I went to Sweden for three months with a group of Finnish children and so Norway for a similar period," she said. "I was partly to escape the Russian bombs, but also so we could eat. There was a danger of

Dividends by Arkansas P&L

LITTLE ROCK (AP)—Arkansas Power & Light Co. has declared regular quarterly dividends of \$1.15 per share on \$7 preferred stock, \$1.50 on \$6 preferred and \$1.00 on \$2.50 per cent preferred, payable April 1 to persons holding the stock before March.

Little Things That Trip Up TV Shows

By WAYNE OLIVER
 NEW YORK (AP)—It's the little things that can trip you up in his foral shows on television, says Dr. Francis Ronalds of Cavalcade of America.

Dr. Ronalds, historical consultant for the weekly ABC show, says that if a show concerning the War of 1812 had a United States flag with only 13 stripes there would be a lot of protests.

"There were 17 stripes as well as 13 stars in the flag in the War of 1812," he says.

The onetime University of Illinois history professor, points out that the original plan for the flag was to add a stripe as well as a star for each new state. When the number began to get too large, the flag reverted to the original 13 stripes and added only stars for new states.

A show such as Cavalcade may present a historical fact that's unknown to many or even most people, he says. But there are a lot of people who do know all about it. They will spot even minor slips.

On one show involving the Charter Oak, he recalls, one of the characters went to a window and raised a sash to look out. There was a flood of letters from viewers pointing out that sash weights and cords weren't in use in that period.

Ted Oberlander, ABC vice president, proposes to find out whether daytime TV audiences might prefer straight entertainment to soap

What Comes Next Puzzle to Both Sides

By JAMES MARLOW
 Associated Press News Analyst

WASHINGTON (AP)—Formosa, prime example of an unexplained mess, is longbound at the moment because no one outside the inner circles of the Eisenhower administration and the Red Chinese government knows what to expect next.

They may not be too sure either. But if the administration makes concessions to the present Formosa, the real Formosa fighting may come, not in or around the island, but inside the Republican party.

Neither the American government nor the Chinese Communists are planning the present Formosa's dilemma long-range. It just grew. This government would not have tolerated if the Reds had grabbed Formosa when they drove away from the mainland in 1949. More island groups, Quemoy and Matsu, were left behind. The Reds stayed on the mainland, but the Chinese government was spreading, when the Korean War held islands except Formosa and

PRESCOTT NEWS

Wanda Ruth Taylor Celebrates Birthday
 Mrs. Wanda Ruth Taylor was honored on her 41st birthday, February 12, with a party given by her grandmother, Mrs. Curtis Ward, and her mother, Mrs. Juanita Taylor.

Pin the Heart, and Slippery Steer were enjoyed during the afternoon. After which refreshments were served to 12 guests and the honoree, from the dining table overlaid with white cloth and centered with a white cake decorated in red. An attractive valentine mobile was gaily swinging from the sideboard.

The guest list included Priscilla Benson, Mildred Buchanan, Maxine Ferguson, Anita Meadows, Emily Gales, Bobbie Lewis, Marcia Reeves, Betty Tippel, Sandra Ward, and Bobbie Ann Taylor.

P. T. A. Observes Founders Day
 The Prescott Parent Teachers Association met Thursday, February 10, 7:30 p. m. at the Park Elementary School. Mrs. J. R. Bomis, president, presided.

Mrs. Lindell Buchanan presented the program. Mrs. Frank Gist honored their son-in-law, Kenneth Ledbetter, with a family dinner at their home on Sunday.

A white linen cloth, covered the table centered with a crystal chandelier and a floral centerpiece. Covers were laid for the guests. Mrs. Ledbetter, Mrs. John Eagle, "Battle Hymn of the Republic" was sung and the High School Chorus Club directed by Mrs. Olive McCall presented a musical selection with Miss Simone Golden at the piano. "The Lord's Prayer" was beautifully sung by Miss Margaret Hunter Scott accompanied by Miss Martha Ligon. The home, the school, the church — do they alone build our America? He must learn to be a respected citizen in his home town. "America the Beautiful" was sung. We must know the truth about the war. Only through truth can we impart truth. Now is the time. Now is the opportunity. Tomorrow may be too late. This is the challenge we face. How shall we meet it? The skit was ended with the last verse of "America" sung as a prayer. An offering was taken for the National Congress of Parent Teachers Association.

Mrs. Wells Hester, a past president of Prescott P. T. A., gave the history of our local association. This was first known as the School Improvement Association and was organized in 1908. In 1925 the name was changed to Parent Teachers Association. Its aim has always been to give children of the Prescott schools better opportunities. Mrs. Frank Hallow read minutes.

In the state reported this morning was 46 at Fayetteville. Newsday had 47 and Gilbert and Flippen only had 49.

The annual increase in the population of the United States has exceeded 2½ million for the past eight years.

WASHINGTON (AP)—Formosa, prime example of an unexplained mess, is longbound at the moment because no one outside the inner circles of the Eisenhower administration and the Red Chinese government knows what to expect next.

They may not be too sure either. But if the administration makes concessions to the present Formosa, the real Formosa fighting may come, not in or around the island, but inside the Republican party.

Neither the American government nor the Chinese Communists are planning to make such a concession. It just grew, however, from the government's own mouth. Yesterday the Reds began talking tougher than ever. They had Formosa, when they drove them from the island, and they were determined to keep it. He was dispirited with Chiang at the time. The Reds stayed on the mainland, and they were determined to keep it. He was dispirited with Chiang at the time. The Reds stayed on the mainland, and they were determined to keep it.

Finland Makes Contribution to Hollywood

By BOB THOMAS
 Hollywood Reporter

HOLLYWOOD (AP)—Finland's contribution to Hollywood is a lovely Taina Elia, who learned to be a ballerina after escaping Russian domination for a year at the Grand Theatre in Stockholm, making such a hit that she was awarded a scholarship to study with the Bolshoi Ballet in Moscow. She continued there when she returned to Helsinki, studying for six years at the Finnish Opera.

She danced with the company for a year at the Grand Theatre in Stockholm, making such a hit that she was awarded a scholarship to study with the Bolshoi Ballet in Moscow. She continued there when she returned to Helsinki, studying for six years at the Finnish Opera.

Little Things That Trip Up TV Shows

By WAYNE OLIVER
 New York Post

NEW YORK (AP)—It's the little things that can trip you up in the world of television, says Dr. Francis Ronalds of Cavalcade of America.

Dr. Ronalds, historical consultant for the weekly ABC show, says that if a show concerning the War of 1812 had a United States flag with only 13 stripes there would be a lot of protests.

"There were 17 stripes as well as 13 stars in the flag in the War of 1812," he says.

The onetime University of Illinois history professor, points out that the original plan for the flag was to add a stripe as well as a star for each new state. When the number began to get too large, the flag reverted to the original 13 stripes and added only stars for new states.

A show such as Cavalcade may present a historical fact that's unknown to many or even most people, he says. But there are a lot of people who do know about it. They will spot even minor slips.

On one show involving the Charter Oak, he recalls, one of the characters went to a window and raised a sash to look out. There was a flood of letters from viewers pointing out that sash weights and cords weren't in use in that period.

Ted Oberlander, ABC vice president, proposes to find out whether daytime TV audiences might prefer straight entertainment to soap

Another Presbyterian Approves Plan

LITTLE ROCK (AP)—Washburn Presbyterian yesterday became the Arkansas Presbytery to approve the already defeated merger plan for the country's three Presbyterian denominations.

The merger would have united the Southern, Northern and United churches into one church. Opposition from other Southern Presbyteries defeated the move.

At Eldorado, on Beaveridge Lake in northern Saskatchewan, a main shaft descends 1,300 feet into one of Canada's largest uranium deposits.

Vacuum-fresh Bag is coffee news of year!

New Vacuum-fresh Bag keeps coffee oven-fresh... exclusive with Admiration

Take the waste out of coffee costs... You pay only for coffee, not costly tin, when you buy ADMIRATION in the new vacuum-fresh package. It's an ADMIRATION exclusive developed expressly to give you the most for your money in coffee.

Not an ordinary bag, this revolutionary new package is both airtight and water-tight... keeps coffee fresh 4 times as long as an ordinary package... assures you of the superb, richer flavor of ADMIRATION at the very peak of oven-freshness.

Buy the Vacuum-fresh Bag... and save the difference!

Guaranteed fresher than any other coffee or we pay you double the purchase price!

Compare ADMIRATION with any other coffee: if you don't agree that ADMIRATION tastes fresher, just return to us by May 1, 1953, the empty bag with your own honest five word statement telling us you don't agree, and we'll send a money-order equivalent in value the purchase price of ADMIRATION.

Martin, Lewis Give a Real Show at Times

WAYNE OLIVER
NEW YORK (AP)—Some-
times Martin and Jerry Lewis
give a television show with all
the enthusiasm of small boys
tossing up their toys at bedtime.
While in awhile they pull out
tricks and give it everything
they have. That's what happened
last Sunday night.

When he's trying, as he was in
his latest appearance, Lewis is
one of the best clowns of the era.
He lacks the finesse of the ac-
complished comic who achieves
laughs by well-timed quips and
situations. It's pure subcon-
scious, a naturally funny guy.

The kid Sunday night involving
the fly in the room could have
fallen flat if attempted by many
comedians but with Lewis it was
hilarious. The same for the slap-
stick involving the couple playing
the role of their sponsors.

Martin proves an excellent foil
as straight man and his sing-
ing, while not great, provides pleasant
interludes.

THEY DONATE TALENT TO HELP YOUR HEART — Seven famous artists, pooling talent worth about one million dollars, stand on a scaffold in Chicago to help the Heart Fund.

Help Your Heart Fund - Help Your Heart

By FRANK GRUBER
Copyright 1951 by FRANK GRUBER. Distributed by THE NEW YORK TIMES.

The door opened and Jess Carmichael entered. "Ouch!" he exclaimed. "Ouch!" he said again, looking at the door.

Carmichael nodded to Johnny. "How are you, Fletcher?" he thought I'd run over and talk to you for a minute, but I see you've got company."

"He isn't company," Johnny said easily. "He's a policeman, Lieutenant Madigan, Mr. Carmichael."

Carmichael nodded and shook hands with the lieutenant. "I had a little chat with the deputy commissioner this morning."

"I know," said Lieutenant Madigan. "It's to be hoped they'll be back for this year's distribution of Oscars March 30. The awards nominations, televised nationally for the first time, provided a poor substitute for George Gobel."

Burke's SHOE STORE HOPE

Group Favors Statehood for Hawaii, Alaska

WASHINGTON (AP)—The House Interior Committee voted 19-6 today to admit both Alaska and Hawaii as states.

Committee approval cleared the bill for action by the House when it is scheduled to be considered next week.

Approval of the bill, which lacks administration endorsement in its combined form, was voted by 10 Democrats and 9 Republicans and moved the issue toward an uncertain fate. Four Democrats and 2 Republicans voted "no."

Prior to its vote on the whole bill, the committee approved an amendment by Delegate Bartlett (D-Alaska) to permit the President to establish a military reservation limited to 40 percent of the area of Alaska roughly north and west of the Yukon River.

Rep. Miller (R-Vt.), ranking Republican member of the committee said he felt the amendment was a "very excellent" change of being approved by the President and the administration.

The committee rejected amendments which would have permitted approval of the constitution of the proposed state by the President without further action by Congress. It approved, however, an alternative proposal requiring Congress to act on the constitution within 90 days of their submission. Failure to act would constitute approval.

No two heads are shaped alike — that's why a Resistol is so

Important to your hat comfort. The exclusive leather construction instantly conforms to the contour of your head in the most natural, comfortable way you can imagine.

HERBERT BURNS
Hats for Men and Boys

A new system — called "Operator Distance Dialing" — whereby the operator presses a series of keys to dial Long Distance calls to other cities is rapidly replacing the present method of placing your calls manually.

Your Voice Travels Faster Now

Today, your Long Distance calls go through 3 times faster than they did 10 years ago — thanks to new equipment, new methods.

Last year, 33 Long Distance centers in Southwestern Bell territory were added to the "Operator Distance Dialing" network, making a total of 153 such centers now serving you in our five-state area. All cities we serve do not have this new system as yet, but we are adding the necessary equipment as fast as possible. In the next five years, nearly all your Long Distance calls will be dialed by an operator.

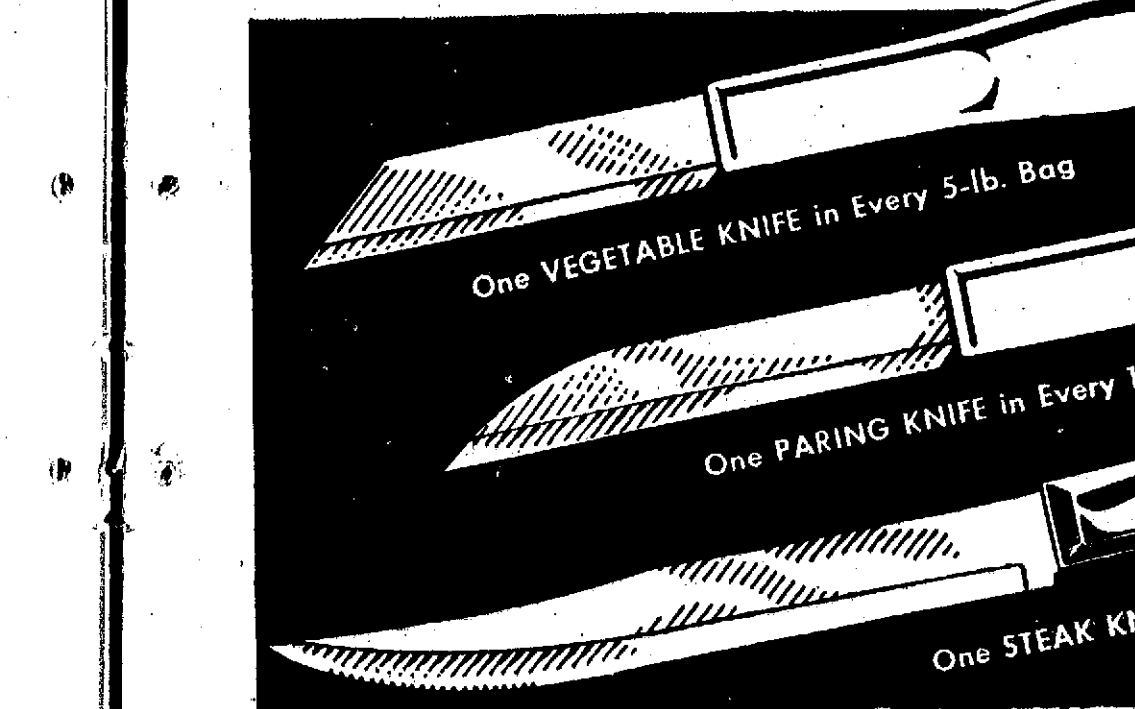

Improved Long Distance service is just one way Arkansas benefited last year by an \$8½ million telephone construction program. We know that a progressive state must have a growing telephone system. Although our increased investment increases operating expenses because it takes more money to operate a larger telephone system, we're moving ahead in 1953 with plans for greater telephone improvements — and greater benefits for Arkansas.

To enjoy the full advantages of this new, faster method, it pays more than ever to keep a list and place your calls by number.

SOUTHWESTERN BELL TELEPHONE COMPANY

free of Extra Cost A Useful QUIKUT knife

Inside Every Bag of Robin Hood Flour!

Here's an opportunity for you to get high quality, stainless steel Quikut kitchen knives, free of extra cost when you buy Robin Hood, the all purpose flour. These hollow ground, razor sharp knives, with blades carefully wrapped for your protection, are packed right in every bag.

Buy Robin Hood all purpose flour today and get your Quikut knife free of extra cost while the limited supply lasts. Look for the special bags at your grocery — if he is out of Robin Hood, be sure to ask him for it.

Robin Hood Flour
The One Flour for All Your Baking

Federal Jury to Probe Pulaski Vote

LITTLE ROCK (AP)—The manner in which ballots were counted in two Pulaski County boxes has been brought to the attention of a federal grand jury, but no recommendations for action were made.

U. S. District Atty. Oaro Cobb said that he called the handling of the ballot boxes to the jury's attention yesterday for information only. He termed handling of the ballots "slovenly."

The district attorney said he released the information partly for the benefit of the Legislature. He said that the "best thing the Legislature could do at this time would be to take steps to insure that all votes are counted exactly as cast."

"The practice has been by some election officials in races believed to be uncontroverted to give the total vote of the box to the candidate without regard to the actual count," he said.

Cobb said he was convinced that there was no intentional miscounting.

Photostatic copies of the votes in Box 1-C in Pulaski County showed an original count of 788 for Sen. John L. McClellan, as compared to a recheck count of 636 for McClellan, 150 non-voters, three for Sen. C. B. Smith, one for Cecil Chamberlain and one for Dennis Horton.

The original count of Box 1-C showed 788 votes for Rep. Brooks Hays, but the recount showed 648 for Hays with 145 not voting.

Cobb said that in his preliminary remarks to the jury, he "talked briefly to them of tax frauds, FSA frauds and possible election frauds."

Move Started to Block a Fight

BOSTON (AP)—The Massachusetts Boxing Commission awaited word from New York today on a move to block a scheduled Cloyd Velazquez-Billy Graham bout until Velazquez fulfills a contract to meet welterweight contenders Tony De Marco in Boston.

Massachusetts Commissioner Henry Lamar said last night that the New York commission has been asked not to approve a Velazquez-Graham bout scheduled for March 4 in New York.

Lamar said that while in the Army Velazquez contracted with the Culligan A. C. in Boston to meet De Marco, but then was injured in a plane accident.

Technically, oranges are berries.

Move Started to Block a Fight

BOSTON (AP)—The Massachusetts Boxing Commission awaited word from New York today on a move to block a scheduled Cloyd Velazquez-Billy Graham bout until Velazquez fulfills a contract to meet welterweight contenders Tony De Marco in Boston.

Massachusetts Commissioner Henry Lamar said last night that the New York commission has been asked not to approve a Velazquez-Graham bout scheduled for March 4 in New York.

Lamar said that while in the Army Velazquez contracted with the Culligan A. C. in Boston to meet De Marco, but then was injured in a plane accident.

Martin, Lewis Give a Real Show at Times

WAYNE OLIVER
NEW YORK (AP)—Sometimes Martin and Jerry Lewis give a television show with all the enthusiasm of small boys playing on their toys at bedtime. In a way, they pull out all stops and give it everything they have. That's what happened in their Comedy House appearance Sunday.

Some comedians start with reality and exaggerate to the ridiculous. Martin and Lewis begin with the ridiculous and proceed to the absolute of absurdity—where nonsense undiluted and unspiced by any trace of reality.

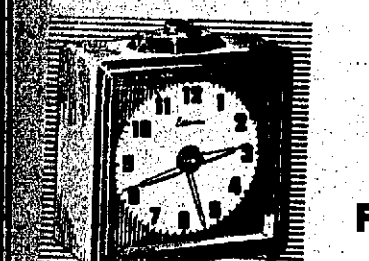

When he's trying, as he was in his latest appearance, Lewis is one of the best clowns of the era. He lacks the finesse of the accomplished comic who achieves laughs by well-timed quips and situations. It's pure subconsciously a naturally funny guy.

The skit Sunday night involving the fly in the room could have fallen flat if attempted by many comedians but with Lewis it was hilarious. The same for the slapstick involving the couple playing the role of their sponsors.

Martin proves an excellent foil as a straight man and his singings, while not great, provides pleasant interludes.

By FRANK GRUBER
CHAPTER 26
The door opened and Jess Carmichael entered. "Ouch!" exclaimed Johnny. He shot a quick, accusing look at Lieutenant Madigan who had just entered the room. "I was just leaving," said Madigan stiffly.

"He isn't company," Johnny said easily. "He's a policeman, Lieutenant Madigan, Mr. Carmichael."

Carmichael nodded and shook hands with the lieutenant. "I had a little chat with the deputy sheriff," said Lieutenant Madigan. "It's to be hoped they'll be back for this year's distribution of Oscars March 30. The awards nominations, televised nationally for the first time, provided a poor substitute for George Gobel."

"I have a pal, Sam Cragg, the strongest man in the world. Then, as Carmichael looked at him inquiringly: 'I'm a bone of contention. I sell a book called 'Every Man a Samson.' Sam helps me. We put a chain around his chest and I give the auction. I mean, the prospective customers a sales pitch on secrets of health and strength and vigor. Sam breaks the chain by expanding his chest. And then I sell the book.'"

"Not bad," said Carmichael. "Not bad at all. In my first store I had a big glass jar full of beans. Everybody who made a purchase was given a guess as to how many beans there were in the jar. If they guessed the right number of beans, they got a prize of \$100 in cash. He checked. 'Nobody ever even came close. You're surprised to know how many people bought jars of the same size and filled them with beans and then counted the beans one by one. They never could guess the number of a jar.'"

Group Favors Statehood for Hawaii, Alaska

WASHINGTON (AP)—The House Interior Committee voted 19-6 today to admit both Alaska and Hawaii as states.

Committee approval cleared the bill for action by the House when it left the Rules Committee gives it clearance.

Approval of the bill, which lacks administration endorsement in its combined form, was voted by 10 Democrats and 9 Republicans and moved the issue toward an uncertain fate. Four Democrats and 2 Republicans voted "no."

Prior to its vote on the whole bill, the committee approved an amendment by Delegate Bartlett (D-Alaska) to permit the President to establish a military reservation limited to 40 percent of the area of Alaska roughly north and west of the Yukon River.

Rep. Miller (R-Vt.), ranking Republican member of the committee said he felt the amendment was a "very excellent" change of being approved by the President and the administration.

The committee rejected amendments which would have permitted approval of the constitution of the proposed state by the President without further action by Congress. It approved, however, an alternative proposal requiring Congress to act on the constitution within 90 days of their submission. Failure to act would constitute approval.

That he'd told her if something happened to him to give the bank to her, because it contained the name of the person who had killed him.

Johnny dug deep into his right trousers pocket and brought out the handful of coins he had taken from the bank the day before. He dumped them on the counterpane of the bed. "They got the bank, this morning, but I had already emptied it. This is what was in the bank."

To Be Continued

Restoration Plan Fails in House
LITTLE ROCK (AP)—A proposal to appropriate \$4,000 for restoration of two historic memorials in Southwest Arkansas touched off a full-fledged debate in the House today.

After a half hour, the House failed by three votes to approve the appropriation which would have: 1. Allocated \$2,000 for a marker for the grave of James S. Conway, Arkansas' first governor, near Bradley in Lafayette County. 2. Set aside another \$2,000 for restoration of a Confederate cemetery at Rondo, Miller County.

The vote was 40-25 for the appropriation measure, with 51 votes needed for passage.

Advocates contained the proposal was historically important enough to justify the comparative small expenditure.

Opponents declared that the appropriation would do nothing to set a precedent and that similar appropriations would be sought for "Confederate cemeteries all over Arkansas."

Rep. Hayes Triplett of Greene County said he was born about three miles from Rondo and added "if the people there want their cemetery fixed up, let them do it."

New Guinea is 1,800 miles long.

HERBERT BURNS
Shoe for Men and Boys

A new system — called "Operator Distance Dialing" — whereby the operator presses a series of keys to dial Long Distance calls to other cities is rapidly replacing the present method of placing your calls manually.

Your Voice Travels Faster Now

Today, your Long Distance calls go through 3 times faster than they did 10 years ago — thanks to new equipment, new methods.

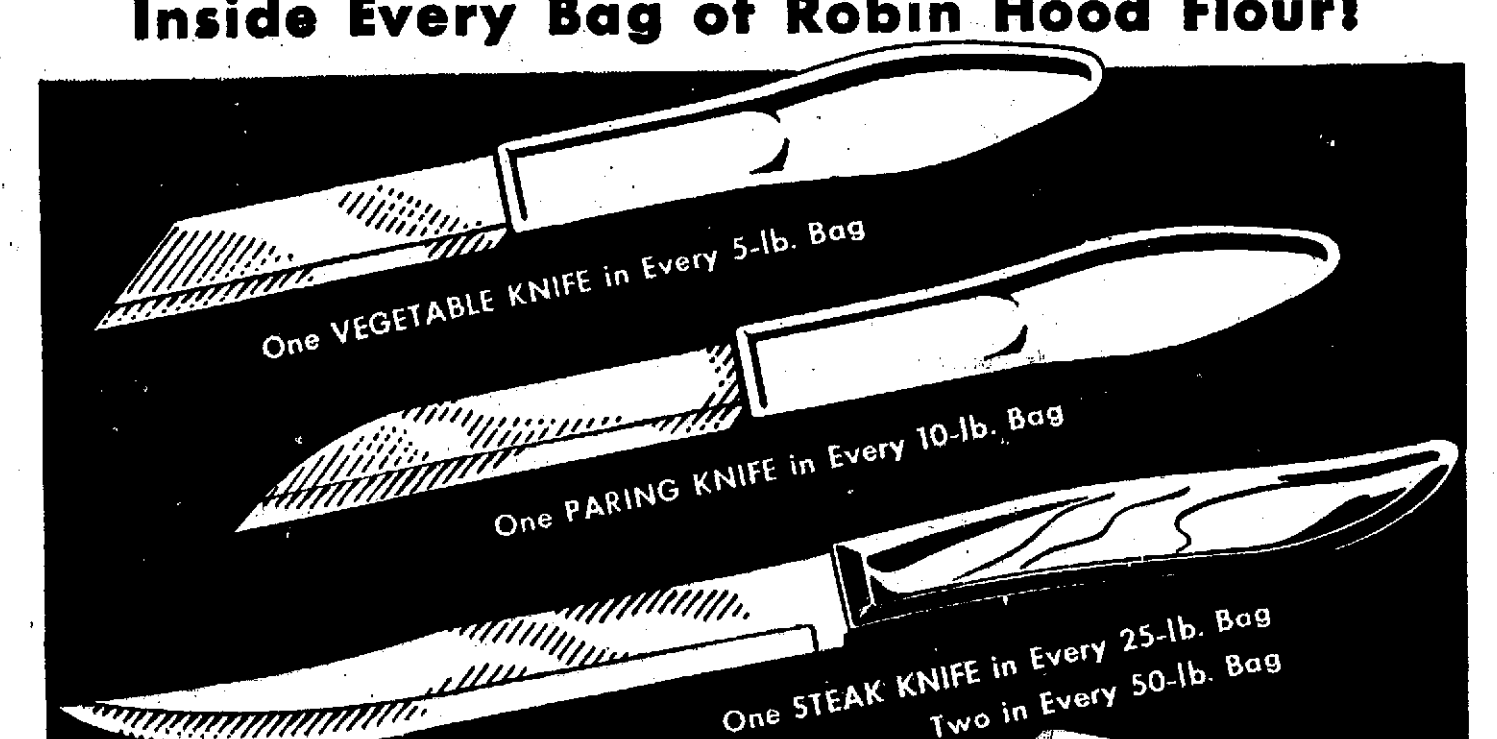

Last year, 33 Long Distance centers in Southwestern Bell territory were added to the "Operator Distance Dialing" network, making a total of 153 such centers now serving you in our five-state area. All cities we serve do not have this new system as yet, but we are adding the necessary equipment as fast as possible. In the next five years, nearly all your Long Distance calls will be dialed by an operator.

Improved Long Distance service is just one way Arkansas benefited last year by an \$8½ million telephone construction program. We know that a progressive state must have a growing telephone system. Although our increased investment increases operating expenses because it takes more money to operate a larger telephone system, we're moving ahead in 1953 with plans for greater telephone improvements — and greater benefits for Arkansas.

Improved Long Distance service is just one way Arkansas benefited last year by an \$8½ million telephone construction program.

The One Flour for All Your Baking

Federal Jury to Probe Pulaski Vote

LITTLE ROCK (AP)—The manner in which ballots were counted in two Pulaski County boxes has been brought to the attention of a federal grand jury, but no recommendations for action were made.

U. S. District Atty. Oaro Cobb said that he called the handling of the ballot boxes to the jury's attention yesterday for information only. He termed handling of the ballots "slovenly."

The district attorney said he released the information partly for the benefit of the Legislature. He said that the "best thing the Legislature could do at this time would be to take steps to insure that all votes are counted exactly as cast."

"The practice has been by some election officials in races believed to be unconstituted to give the total vote of the box to the candidate without regard to the actual count," he said.

Cobb said he was convinced that there was no intentional miscounting.

Photostatic copies of the votes in Box 1-C in Pulaski County showed an original count of 788 for Sen. John L. McClellan, as compared to a recheck count of 636 for McClellan, 150 non-voters, three for Sen. C. C. B. and one for Cecil Chamber and one for Dennis Horton.

The original count of Box 1-C showed 788 votes for Rep. Brooks Hays, but the recount showed 648 for Hays with 145 not voting.

Cobb said that in his preliminary remarks to the jury, he "talked briefly to them of tax frauds, FSA frauds and possible election frauds."

Move Started to Block a Fight

BOSTON (AP)—The Massachusetts Boxing Commission awaited word from New York today on a move to block a scheduled Cloyd Velazquez-Billy Graham bout until Velazquez fulfills a contract to meet welterweight contenders Tony De Marco in Boston.

Massachusetts Commissioner Henry Lamar said last night that the New York commission has been asked not to approve a Velazquez-Graham bout scheduled for March 4 in New York.

Lamar said that while in the Army Velazquez contracted with the Culligan A. C. in Boston to meet De Marco, but then was injured in a plane accident.

Technically, oranges are berries.

Protect the eye disease, the eye becomes cloudy, cuts off essential light.

NATURAL

AS THE CROPS YOU GROW

Within two years Afghanistan will be virtually eliminated from the entire country.

WASHINGTON (AP)—Republican House leaders today announced a September presidential nominating convention in 1956 but National Chairman Leonard W. Hall indicated today he hopes state election laws can be changed to permit an August meeting.

Hall told newsmen practical difficulties, such as certification requirements in certain states and the need for a September meeting, first suggested as a means of shortening the presidential campaign.

Democrats announced yesterday in advance of a GOP convention site subcommittee meeting here that they would open their convention in Chicago's International Amphitheater July 23 unless changes were made back to August.

The amphitheater, in the Chicago suburb of Evanston, is the site of both GOP and Democratic 1952 conventions.

Hall indicated that if efforts to amend the Massachusetts, Connecticut and South Dakota election laws are carried forward, the Republicans would like to hold their convention as late as possible.

Hall, who confers with President Eisenhower yesterday about the matter, said that if the amendment is passed, the convention would be held in the fall.

He said the subject of Eisenhower's possible candidacy did not come up at the White House talk.

"The Democrats' choice of Chicago put Republicans under pressure to go there too to save money and Philadelphia, had assured that 10,000 hotel rooms could be made available and had cited cool August weather as a special inducement," he said.

CHILEAN NITRATE of SODA is the world's only NATURAL NITRATE FERTILIZER

NATURAL as the crops in your fields, Chilean Nitrate is the natural nitrate, containing 15% nitrate equivalent to 650 pounds of commercial fertilizer—no acid, no burning, no waste. The more Chilean you use, the greater its acid-neutralizing value.

Chilean's nitrogen content is 100 per cent nitrate, ideal for top-dressing and side-dressing. It spreads evenly and smoothly.

Chilean needs only moisture from the air to dissolve—no waiting for rain—fast, effective action.

Every ton of Chilean contains equivalent to 650 pounds of commercial fertilizer—no acid, no burning, no waste. The more Chilean you use, the greater its acid-neutralizing value.

Sodium supplements potash—when necessary, substitutes for it—reduces leading losses of calcium, magnesium—releases available potash in the soil.

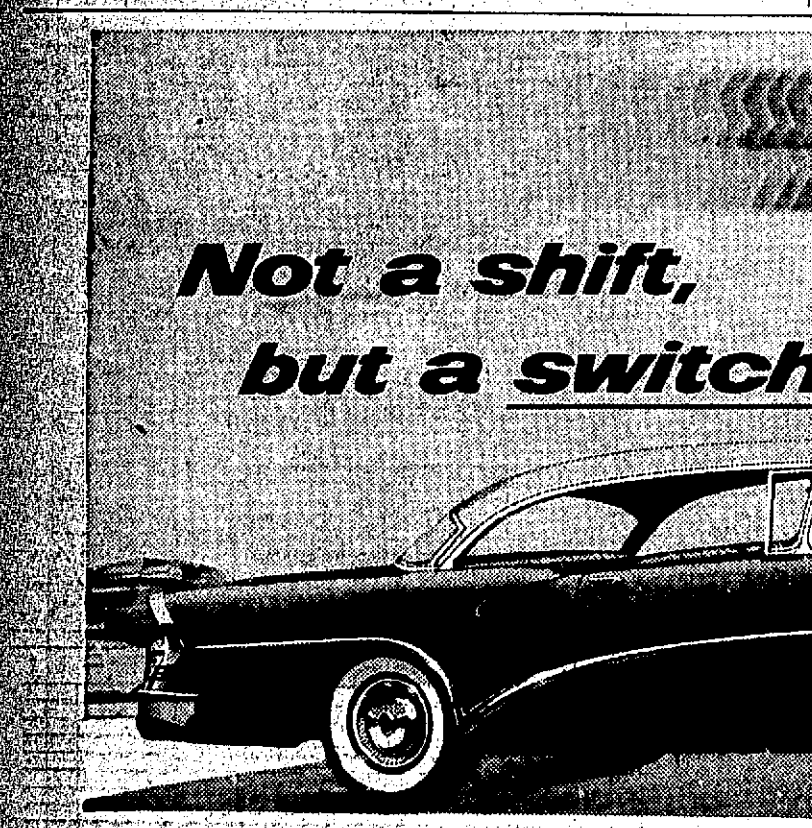

Sodium increases availability of phosphate in the soil and improves efficiency of applied phosphorus.

Chilean is rich in small quantities of minor elements necessary for healthy vigorous growth.

It's the only natural combination of 100 per cent nitrate, sodium and minor elements.

CHILEAN NITRATE of SODA

Not a shift, but a switch of the pitch

And man! What that does

for Dynaflo!

HOTTEST BUICK IN HISTORY

No wonder you see so many Buicks on the highways—they're rolling on bigger sales than ever before in history—topping sales of over 100,000 in 1955.

This is for sure...

There's never been anything in your car driving experience like the feel of Buick's new Variable Pitch Dynaflo*—because there's never been anything like it in a car before.

In a modern plane, yes. For this is the principle of variable pitch propellers used on airplanes. Their propeller blades change "pitch" for quick take-off—then change to another "pitch" for better gas mileage in cruising aloft.

Now you can do the same thing on the ground—in a 1955 Buick.

Twenty propeller blades have been ingeniously engineered into the Dynaflo unit. They pivot—one way for a big boost in gas mileage while cruising—another way for brilliant new performance.

You switch the pitch for instantaneous acceleration just by pressing the pedal way down. Then it happens...

A build-up of momentum as smooth as oil—and as quick as a split second. Dazzling new response on getaway—or a spectacular burst of instant safety-surge power when you need it out on a highway.

It's pure thrill—and a happy surprise in its far better gas mileage in cruising. Yet Variable Pitch Dynaflo costs not a penny more than earlier versions of this wonder drive.

How about you trying it?

That way you can also look into the sizzling new horsepower, the fresh new styling, the envied even-level ride, the eye-opening low prices—all of which are making the 1955 Buick the hottest seller in all history. Come in this week, won't you?

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

GOPs Forget September Convention

By JACK BELL

WASHINGTON (AP)—Republican House leaders today announced a September presidential nominating convention in 1956 but National Chairman Leonard W. Hall indicated today he hopes state election laws can be changed to permit an August meeting.

Foreign Policy Draws Praise of Lodge

PHILADELPHIA (AP)—Henry Cabot Lodge Jr., U. S. ambassador to the United Nations, today praised the foreign policy of the Eisenhower administration in enabling it to free the world to "settle down contentedly to the long haul" toward strengthening world peace.

Speaking last night at a Lincoln Day dinner sponsored by the Pennsylvania Republican Committee, Lodge said one of the foremost ingredients of that foreign policy is the "Eisenhower doctrine."

"Communist China has been put on notice by the President's action with the backing of Congress, that we will not tolerate aggression against Taiwan and the Pescadore Islands," Lodge said.

"This courageous and timely move is our best insurance against war in that area."

Lodge made no mention of the Nationalist Chinese President, Chiang Kai-shek, yesterday, Chiang said his forces had no intention of evacuating the islands close to the mainland.

Committee officials said Sen. Frank J. La Follette had offered to match Sen. Lodge's offer to save money and Philadelphia, had assured that 10,000 hotel rooms could be made available and had cited cool August weather as a special inducement.

"The Democrats' choice of Chicago put Republicans under pressure to go there too to save money and Philadelphia, had assured that 10,000 hotel rooms could be made available and had cited cool August weather as a special inducement," he said.

"The Democrats' choice of Chicago put Republicans under pressure to go there too to save money and Philadelphia, had assured that 10,000 hotel rooms could be made available and had cited cool August weather as a special inducement," he said.

House Refuses to Change Stock Law

LITTLE ROCK (AP)—The House today failed to pass a bill to amend the initiated stock law of 1930.

The bill would have amended the act which says that livestock must not be permitted to run at large on highways to exempt Stone County.

Thirty-seven votes were necessary for passage and the bill received 45 yeas and 16 nays.

The proposed amendment was submitted by Rep. Gerald V. August of Stone County, who said he intended that this largely rural county did not need the law.

Foreign Policy Draws Praise of Lodge

PHILADELPHIA (AP)—Henry Cabot Lodge Jr., U. S. ambassador to the United Nations, today praised the foreign policy of the Eisenhower administration in enabling it to free the world to "settle down contentedly to the long haul" toward strengthening world peace.

Speaking last night at a Lincoln Day dinner sponsored by the Pennsylvania Republican Committee, Lodge said one of the foremost ingredients of that foreign policy is the "Eisenhower doctrine."

"Communist China has been put on notice by the President's action with the backing of Congress, that we will not tolerate aggression against Taiwan and the Pescadore Islands," Lodge said.

"This courageous and timely move is our best insurance against war in that area."

Lodge made no mention of the Nationalist Chinese President, Chiang Kai-shek, yesterday, Chiang said his forces had no intention of evacuating the islands close to the mainland.

Committee officials said Sen. Frank J. La Follette had offered to match Sen. Lodge's offer to save money and Philadelphia, had assured that 10,000 hotel rooms could be made available and had cited cool August weather as a special inducement.

"The Democrats' choice of Chicago put Republicans under pressure to go there too to save money and Philadelphia, had assured that 10,000 hotel rooms could be made available and had cited cool August weather as a special inducement," he said.

Chiang Seems Happy During Trouble

TAIPEI, Formosa (AP)—Chiang Kai-shek, possibly the most popular leader in the world, seems youthful and cheerful and to have acquired new bounce during the Tachen withdrawal.

He was only 40 years old, but he was, after all, a pullback. Chiang's Generalissimo seems to feel that during the Tachen action the United States got more involved than he wanted.

In an exclusive interview with The Associated Press today he disclosed a quick smile, gestured with the animation of youth, and said in "feeling and spirit he was 40 years old, no more."

He certainly was his 68 years lightly.

He said he would like to see the agreement with the United States over joint defense on the islands of Quemoy and Matsu.

He answered as he did at a news conference Sunday: "The United States cannot anchor carriers or destroyers to a defense that might be required tomorrow or a year from tomorrow."
